NAYANA C S

Python Full Stack Developer
Palakkad, Kerala| 8078358204 | cs.nayana123@gmail.com| https://www.linkedin.com/in/nayana-cs

SUMMARY

Python Full Stack Developer (Fresher) with strong hands-on training in Python, Django, and web development. Experienced in building full-stack applications through academic and training-based projects. Skilled in REST APIs, CRUD operations, user authentication, and responsive UI design. Quick learner with good problem-solving skills and a strong willingness to grow in a professional development environment.

TECHNICAL SKILLS

Backend: Python, Django, Django ORM, REST APIs
Frontend: HTML, CSS, JavaScript, Bootstrap
Database: MySQL, SQLite
Tools: Git, VS Code
Concepts: OOP, CRUD Operations, MVT Architecture

PROJECTS

E-Commerce Website – Python Django (Full Stack Project)

- Developed a full-stack e-commerce platform with product listing, user authentication, cart, and checkout
- Implemented backend logic using Django ORM and handled database operations
- Designed responsive frontend using HTML, CSS, and JavaScript

MedCare – Healthcare Appointment Booking Platform (Frontend Project)

- Created a responsive web application for doctor discovery and appointment booking
- Designed clean and user-friendly UI using Bootstrap and JavaScript

City Alert System (Academic Project)

- Built a real-time alert system for traffic, weather, and city events
- Backend developed using Python and Django; frontend using HTML, CSS, and JavaScript
- Implemented CRUD operations and ensured accurate data handling

TRAINING

Python Full Stack Development – Certification / Diploma

- Practical training in Python, Django, SQL, and full-stack web development
- Developed multiple real-world style applications during training

EDUCATION

Bachelor of Computer Applications (BCA) – CCST College, Cherupalassery – 2022-2025
Higher Secondary (+2) – KPSMMVHSS, Varode – 2020-2022

CERTIFICATIONS

- Python Full Stack Development Certificate
- Cyber Security (Add-on Course – CCST College)
